Dear Ms. Collins,

In Idaho, the State Superintendent of Public Instruction has the responsibility for carrying out policies, procedures and duties authorized by law or established by the State Board of Education for all secondary and elementary school matters (Idaho Code, Section 33-125). On behalf of Superintendent Sherri Ybarra, the Sufficiency Review Committee at the Idaho Department of Education has reviewed the charter revisions submitted by Idaho Arts Charter School. This review was to ensure that the charter revisions contain the information and meet the legal requirements of Section 33-5205, Idaho Code. Additionally, the review is designed to help with the creation of high quality charter schools

The findings of the State Department of Education are outlined in the enclosed document. Based on the review, all of the proposed amendments meet the established standards and legal requirements. The amendments may be submitted to the authorizer for their review.

Please communicate these findings to the school's board and the Nampa School District, as your authorizer. If you have any questions regarding these findings, please contact me at (208) 332-6963.

Sincerely,

A handwritten signature in cursive script that reads "Michelle Clement Taylor".
